DETAILED ACTION

Election/Restriction

1. Applicant's election of Group I - claims 52-73 in Paper No. 9 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Drawings

2. This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.

Specification

3. The disclosure is objected to because of the following informalities: the status of the parent application should be updated on page 1 of the specification.

Appropriate correction is required.

4. The abstract of the disclosure is objected to because the abstract should only be one paragraph. Correction is required. See MPEP § 608.01(b).

Art Unit: 1641

Claim Rejections - 35 U.S.C. § 112

5. Claims 52-73 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 52 is vague. The recitation of “luminescent” in the preamble of the claim is vague because the body of the claim fails to recite any materials with luminescent properties.

Allowable Subject Matter

6. Claim 52 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

7. Claims 53-73 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
